

Braunston Village Projects

At the end of 2012 the Parish Council reviewed its list of active and potential projects for the village. The list effectively forms The Village Plan, and is the basis for our annual budget. All of the Parish Councillors are involved in delivering the projects which have been agreed by the PC.

The table below shows what the Parish Council is currently pursuing on behalf of the village, and provides an easier reference than trawling through the PC minutes! We have a number of running and active projects, others that have potential but are not yet supported, and a list of projects which have been considered and rejected. We are always keen to hear of new ideas for the village, and to recruit volunteers to pursue them.

Project Status	In Place	Activity ongoing	Potential	Rejected
	In Place	Activity ongoing	Potential	Rejected
	In Place	Activity ongoing	Potential	Rejected
	In Place	Activity ongoing	Potential	Rejected
